1 Introduction

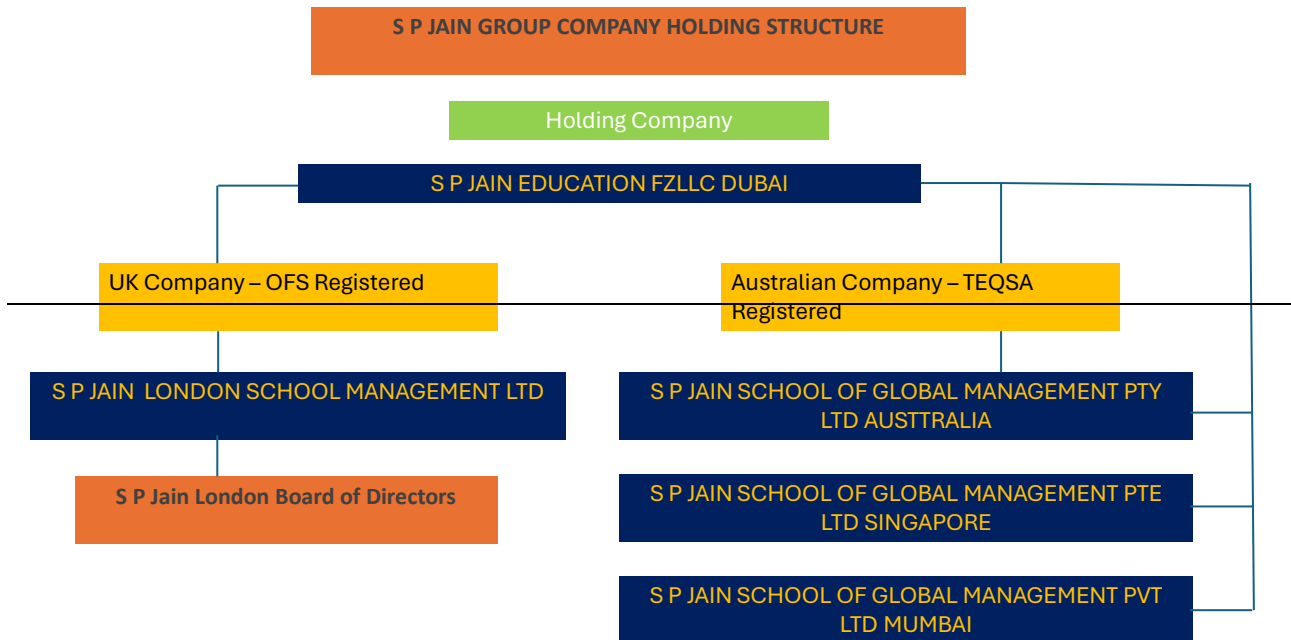

SP Jain London School of Management (SPJ UK) is a private company limited by shares (Company Number 13210674) and a wholly owned subsidiary of **SP Jain Education FZ LLC, Dubai. (S P Jain)**

SP Jain Education FZ LLC (SP Jain) is the company that established the SP Jain Group, which comprises of four higher education campuses. Dubai opened in 2004 and the second in Singapore, in 2006. Following registration as an Australian institute of higher education in 2009 with the Tertiary Education Quality and Standards Agency (TEQSA), campuses were opened in Sydney in 2012 and Mumbai in 2015. Each of these are a wholly owned subsidiary of the parent company SP Jain Education FZ LLC.

SPJUK was incorporated in February 2021 and successfully registered with the Office for Students (OfS) in December 2022. In May 2023, it was granted new degree awarding powers. The Group structure is set out below.

Building on **SP Jain School of Global Management's (SPJ Global)** track record of educational success and regulatory compliance, the UK School will benefit from experience in developing a comprehensive suite of organisational frameworks, policies and procedures overseen by robust academic and governance structures which can serve as a foundation for developing the necessary regulatory and quality standards required for registration and delivery in the UK context. SPJ UK would further develop these to build a world-class school in the UK that meets the exacting requirements of OfS and other regulatory bodies. SPJ UK is, however, an independent entity, with its own governing body.

SPJ UK is governed by the Board of Directors (BoD). In the interest of operating effectively and to high corporate governance standards, the BoD has adopted the Higher Education Code of Governance (2020) published by the Committee of University Chairs. This is known as the [CUC Code](#). It will also take as a reference point the Governance Code for Independent HE, the Higher Education Senior Staff Remuneration Code and the HE Audit Committees Code of Practice.

2 Principles

This Governance Charter sets out how the Board of Directors will undertake its duties, including delegation to its committees and the Academic Board. Based on the CUC Higher Education Code of Governance, to facilitate adequate and effective management and governance arrangements the Board has adopted the following principles:

1. Accountability: The Governance Charter is explicit in stating that the BoD is ultimately accountable for all matters relating to the company's operations. Its functions will include ensuring compliance with the regulatory requirements. The BoD will also oversee and approve the strategic direction, including by facilitating strategic planning workshops, where BoD members, provide input into and review of the School's Business Plan.

Members of the BoD will be required by the Governance Charter to disclose any conflict of interests. The functions and accountabilities of the Board and the Senior Management Team are also set out in the Scheme of Delegation to ensure there is a clear separation of roles and responsibilities.

2. Sustainability: The BoD's roles and responsibilities are comprehensively specified in this Governance Charter and include matters of sustainability, such as monitoring the financial key performance indicators of SPJ UK. The BoD will also oversee and annually review risk management plans and risk assessments with advice from the Audit and Risk Committee.

3. Reputation and impartial decision making: Through the requirement in the Governance Charter to disclose any conflicts of interests, the BoD will act impartially and in the best interests of SPJ UK, and thereby ensure collective decision making will not be influenced by personal interests and views.

4. Equality, inclusivity and diversity: One of the BoD's responsibilities as specified in the Governance Charter is to review SPJ UK's approach to equality, inclusivity and diversity. The BoD will operate under the principle of social inclusion and diversity and its composition will be reviewed for diversity and composition as well as its size and skills mix. The BoD will take overall responsibility for the School's Access and Participation Plan.

5. Effectiveness: Every three years the BoD will seek independent expert input into a review of its effectiveness in accordance with the CUC Code. Similar reviews will be undertaken for the BoD's committees and the Academic Board and its committees. Reviews will gauge the effectiveness of each board and committee against the Terms of Reference.

The BOD may revise its governance structure, the Terms of Reference, or processes in light of any recommendations for improvement. In reviewing its own performance, the BoD will reflect on the performance of the School as a whole in meeting both long-term strategic objectives and short-term key performance indicators.

The BoD will also consider its effectiveness in discharging its responsibilities through regular reviews of the School's overall performance. Reviews of the BoD's performance will take into account the views of the Academic Board and shall be reported upon appropriately within the School and externally.

6. Engagement: Student, staff and stakeholder satisfaction are key performance indicators that the BoD will monitor and benchmark.
